EXPLANATORY STATEMENT

Receipt and consideration of Accounts & Reports

A copy of the Annual Report for the financial year ending 30 June 2013 (which incorporates the Company's financial report, reports of the Directors (including the Remuneration Report) and the auditors) is not enclosed as there is no longer a requirement for the Company to incur the printing and distribution cost associated with doing so for all shareholders. You may obtain a copy free of charge in hard copy form by contacting the Company by phone at (03) 9692 7222, and you may request that this occurs on a standing basis for future years. Alternatively you may access the annual report at the Company's website: www.argoexploration.com.au or via the Companies announcement platform on ASX. Except for as set out in Resolution 1, no resolution is required on these reports.

Resolution 1: Adoption of Remuneration Report

The Corporations Act requires that at a listed Company's Annual General Meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, section 250R(3) of the *Corporations Act 2001* expressly provides that the vote on such a resolution is advisory only and does not bind the Directors or the Company.

The Remuneration Report sets out the Company's remuneration arrangements for the Directors and senior management of the Company (described as "**Key Management Personnel**"). The Remuneration Report is part of the Directors' report contained in the annual financial report of the Company for the financial year ending 30 June 2013.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the Annual General Meeting.

Pursuant to the *Corporations Amendment (Improving Accountability for Director and Executive Remuneration) Bill 2011* which amended the Corporations Act from 1 July 2011, if 25% or more of votes that are cast are voted against the adoption of the remuneration report at two consecutive annual general meetings (effectively, "two strikes"), shareholders will be required to vote at the second of those annual general meetings on a resolution (referred to as a "spill resolution") that another meeting be held within 90 days at which all of the Company's Directors (other than the Managing Director and CEO) must go up for re-election. The spill resolution requirements will only be triggered where both strikes occur after 1 July 2013. On this basis, while votes on the Remuneration Report at this Annual General Meeting will be counted towards the two strikes, the first spill resolution can only potentially occur following the Company's 2013 Annual General Meeting.

Also, the *Corporations Amendment (Improving Accountability for Director and Executive Remuneration) Bill 2011* has introduced new prohibitions on key management personnel ("KMP") and their closely related parties from voting or voting undirected proxies on, amongst other things, remuneration matters. Accordingly, any undirected proxies held by Directors or by other Key Management Personnel or their closely related parties for the purposes of Resolution 1 will not be voted on Resolution 1. This prohibition does not apply to the Chairman of the meeting who may vote directed and undirected proxies in favour of the resolution, providing that the shareholder expressly authorises the chair to exercise the proxy even if the resolution is connected directly or indirectly with the remuneration of a member of the KMP for the relevant entity.

The Company encourages all Shareholders to cast their votes in relation to Resolution 1 and if Shareholders choose to appoint a proxy, Shareholders are encouraged to direct their proxy how to vote on Resolution 1 by marking either "For", "Against" or "Abstain" on the proxy form. The Chairman of the meeting will vote undirected proxies in favour of Resolution 1.

Resolution 2: Re-election of Mr Justin Hondris as a Director of the Company

The Constitution of the Company requires that at every annual general meeting, one-third or the next highest number nearest one-third of the Directors, shall retire from office and provides that such Directors are eligible for re-election at the meeting. Mr Hondris has been a non-executive Director since 26 July 2006. He retires by rotation and, being eligible, offers himself for re-election.

Justin brings experience in international capital markets and investment analysis, having been a partner in the London operation of a private equity investment fund manager, and prior to that spent four and a half years at the investment bank Cazenove & Co in London, where he brokered Australian equities to international

institutional clients. He has held directorships in a number of companies on both the ASX and London's AIM. He is currently a Director of Pantheon Resources Plc.

He holds a Bachelor of Business and previously qualified as a chartered accountant and an Associate of the Securities Institute of Australia, and is also a past member of Chartered Secretaries Australia.

Note: The non-candidate directors unanimously support the election of Mr Justin Hondris. The Chairman of the meeting intends to vote undirected proxies in favour of Mr Justin Hondris's re-election.

Resolution 3: Election of Mr Andrew Van Der Zwan as a Director of the Company

Mr Andrew Van Der Zwan was appointed as a director on 19 March 2013 as a casual vacancy and is eligible for election.

Mr Van Der Zwan was previously the Chief Executive Officer of United Petroleum ending in April 2013. Prior to that he held the position of Managing Director of MRG Metals Ltd, and still remains a Non- Executive Director.

Andrew has been employed in various senior positions, for almost 20 years, within the worldwide operations of Exxon Mobil. This involved managerial positions in Australia, United States of America, Europe and Africa.

Note: The non-candidate directors unanimously support the election of Mr Andrew Van Der Zwan. The Chairman of the meeting intends to vote undirected proxies in favour of Mr Andrew Van Der Zwan's election.

Resolution 4: Election of Mr Christopher Martin as a Director of the Company

Mr Christopher Martin was appointed as a director on 22 February 2013 as a casual vacancy and is eligible for election.

Mr Martin has a Bachelor of Business (Banking & Finance), and over 15 years experience in the equities markets. He has acted as an independent Consultant to Argo Exploration Ltd since its inception.

Note: The non-candidate directors unanimously support the election of Mr Christopher Martin. The Chairman of the meeting intends to vote undirected proxies in favour of Mr Christopher Martin's election.

Resolution 5: Approval of 10% Placement Facility

Listing Rule 7.1A enables eligible entities to issue Equity Securities up to 10% of its issued share capital through placements over a 12 month period after the annual general meeting (10% Placement Facility). The 10% Placement Facility is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company is now seeking shareholder approval by way of a special resolution to have the ability to issue Equity Securities under the 10% Placement Facility.

The exact number of Equity Securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (see below).

As disclosed in the Company's previous Annual Reports and Quarterly Activity Reports, the Company continues actively seeking to increase work on its current exploration assets and reviewing new potential projects and investments. Should the Company utilise the 10% Placement Facility, it intends to use the funds to acquire new resource assets or investments, to conduct further work on its current projects or to meet additional working capital requirements.

The Directors of the Company believe that Resolution 5 is in the best interests of the Company and unanimously recommend that Shareholders vote in favour of this Resolution.

Description of Listing Rule 7.1A

(a) *Shareholder approval*

The ability to issue Equity Securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an annual general meeting.

(b) *Equity Securities*

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company.

The Company, as at the date of the Notice, has on issue two classes of Equity Securities, Shares and Performance Rights.

(c) *Formula for calculating 10% Placement Facility*

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12 month period after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

$(A \times D) - E$

A is the number of shares on issue 12 months before the date of issue or agreement:

(A) plus the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2;

(B) plus the number of partly paid shares that became fully paid in the 12 months;

(C) plus the number of fully paid shares issued in the 12 months with approval of holders of shares under Listing Rule 7.1 and 7.4. This does not include an issue of fully paid shares under the entity's 15% placement capacity without shareholder approval;

(D) less the number of fully paid shares cancelled in the 12 months.

Note that A is has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under Listing Rule 7.1 or 7.4.

(d) *Listing Rule 7.1 and Listing Rule 7.1A*

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1.

At the date of this Notice, the Company has on issue 125,220,000 Shares and therefore has a capacity to issue:

- (i) 18,783,000 Equity Securities under Listing Rule 7.1 (not taking account the securities that may be issued under Resolution 5; and
- (ii) Subject to Shareholder approval being sought under Resolution 5, 12,522,000 Equity Securities under Listing Rule 7.1A.

The actual number of Equity Securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the Equity Securities in accordance with the formula prescribed in Listing Rule 7.1A.2

(e) *Minimum Issue Price*

The issue price of Equity Securities issued under Listing Rule 7.1A must be not less than 75% of the VWAP of Equity Securities in the same class calculated over the 15 Trading Days immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or

- (ii) if the Equity Securities are not issued within 5 Trading Days of the date in paragraph (i) above, the date on which the Equity Securities are issued.

(f) *10% Placement Period*

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained and expires on the earlier to occur of:

- (i) the date that is 12 months after the date of the annual general meeting at which the approval is obtained; or
- (ii) the date of the approval by shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),

or such longer period if allowed by ASX (10% Placement Period).

Listing Rule 7.1A

The effect of Resolution 5 will be to allow the Directors to issue the Equity Securities under Listing Rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 5 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

Specific information required by Listing Rule 7.3A

Pursuant to and in accordance with Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

- (a) The Equity Securities will be issued at an issue price of not less than 75% of the VWAP for the Company's Equity Securities over the 15 Trading Days immediately before:
 - (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
 - (ii) if the Equity Securities are not issued within 5 Trading Days of the date in paragraph (i) above, the date on which the Equity Securities are issued.
- (b) If Resolution 5 is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the below table (in the case of Listed Options, only if the Listed Options are exercised). There is a risk that:
 - (i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Meeting; and
 - (ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date or the Equity Securities are issued as part of consideration for the acquisition of a new asset,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The below table shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of this Notice.

The table also shows:

- two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Variable 'A' in Listing Rule 7.1A.2		Dilution		
		\$0.0115 50% decrease in Issue Price	\$0.023 Issue Price	\$0.046 100% increase in Issue Price
Current Variable A 125,220,000 Shares	10% Voting Dilution	12,520,000 Shares	12,520,000 Shares	12,520,000 Shares
	Funds raised	\$143,390	\$287,960	\$575,000
50% increase in current Variable A 187,830,000 Shares	10% Voting Dilution	18,783,000 Shares	18,783,000 Shares	18,783,000 Shares
	Funds raised	\$216,005	\$432,009	\$864,018
100% increase in current Variable A 250,440,000 Shares	10% Voting Dilution	25,044,000 Shares	25,044,000 Shares	25,044,000 Shares
	Funds raised	\$288,006	\$576,012	\$1,152,024

The table has been prepared on the following assumptions:

- The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
 - No Listed Options (including any Listed Options issued under the 10% Placement Facility) are exercised into Shares before the date of the issue of the Equity Securities;
 - The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
 - The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Meeting.
 - The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
 - The issue of Equity Securities under the 10% Placement Facility consists only of Shares. If the issue of Equity Securities includes Listed Options, it is assumed that those Listed Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.
 - The issue price is \$0.023, being the closing price of the Shares on ASX on 11 October 2013.
- (c) The Company will only issue and allot the Equity Securities during the 10% Placement Period. The approval under Resolution 5 for the issue of the Equity Securities will cease to be valid in the event that Shareholders approve a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities or Listing Rule 11.2 (disposal of main undertaking).
- (d) The Company may seek to issue the Equity Securities for the following purposes:
- (i) non-cash consideration for the acquisition of the new resources assets and investments. In such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3; or
 - (ii) cash consideration. In such circumstances, the Company intends to use the funds raised towards an acquisition of new assets or investments (including expense associated with such acquisition), continued exploration and feasibility study expenditure on the Company's current assets and/or general working capital.

The Company will comply with the disclosure obligations under Listing Rules 7.1A(4) and 3.10.5A upon issue of any Equity Securities.

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- (i) the methods of raising funds that are available to the Company, including but not limited to, rights issue or other issue in which existing security holders can participate;
- (ii) the effect of the issue of the Equity Securities on the control of the Company;
- (iii) the financial situation and solvency of the Company; and
- (iv) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice but may include existing substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.

Further, if the Company is successful in acquiring new resources assets or investments, it is likely that the allottees under the 10% Placement Facility will be the vendors of the new resources assets or investments.

- (e) The Company has previously obtained Shareholder approval under Listing Rule 7.1A at the Annual General Meeting held on 27 November 2012. The following information is provided in accordance with Listing Rule 7.3A.6:
 - (i) During the 12 months preceding the date of this meeting, the Company did not issue any Equity Securities under Listing Rule 7.1A;
 - (ii) During the 12 months preceding the date of this meeting, the Company issued 41,000,000 Equity Securities, which would represent approximately 32.7% of the total number of Equity Securities on issue at 26 November 2013 (12 months before this meeting) if the performance hurdles are met and the performance rights give rise to the issue of fully paid ordinary shares. None of these Equity Securities were issued under the Company's 15% placement capacity.
- (f) A voting exclusion statement is included in the Notice. At the date of the Notice, the Company has not approached any particular existing Shareholder or security holder or an identifiable class of existing security holder to participate in the issue of the Equity Securities. No existing Shareholder's votes will therefore be excluded under the voting exclusion in the Notice.
